

2017 State Transportation Plan

Internal Steering Committee

Meeting 1

September 23, 2015

1

Meeting Agenda

- Introductions and overview
- Committee purpose and structure
- Plan relationship diagram
- Significant changes from 2012 plan
 - Visioning process
 - Public outreach and input
 - Action plan
 - Purpose and structure
 - Focus group
- Timeline
- Administrative items
- Next meeting

2

Overview

- Context for plan update
 - 5-year cycle – targeting adoption in May 2017
 - MAP-21 rulemakings underway
 - Current long range planning discussions
 - Recent department comments on the size of the system
 - September Commission discussion on corridors
 - Technology advancements

3

Committee Purpose

- Internal guidance body to serve as sounding board for plan development
- Important addition to the planning process since last plan
- Seeking buy-in across offices and departments

4

Significant changes from 2012 Plan

- Visioning process
- Public outreach and input
- Action plan

7

Visioning Process

- Develop a vision and goals for the desired transportation system
 - Internal and external stakeholders
 - Public input
- Consider alternatives in investment actions to determine the preferred alternatives for meeting the vision and goals

8

Public Outreach and Input

- Emphasis on public outreach efforts related to the development of the plan vision and alternatives
 - Use of public input survey/tool to provide input to vision
 - Public meetings to hone in on vision and alternatives
 - Utilize MPOs/RPAs and other external stakeholder groups

9

Online Input Tool

- Looking to utilize an online, interactive tool to gather feedback on vision
- Will potentially use the tool for a second round of input as alternatives are crafted
- RFP to be released October 1

10

Action Plan

- Department actions and projects
 - Short-range, long-range, and ongoing investment actions and strategies
 - Long-term study corridors
 - Potential future Iowa DOT projects
 - Applicable asset management strategies

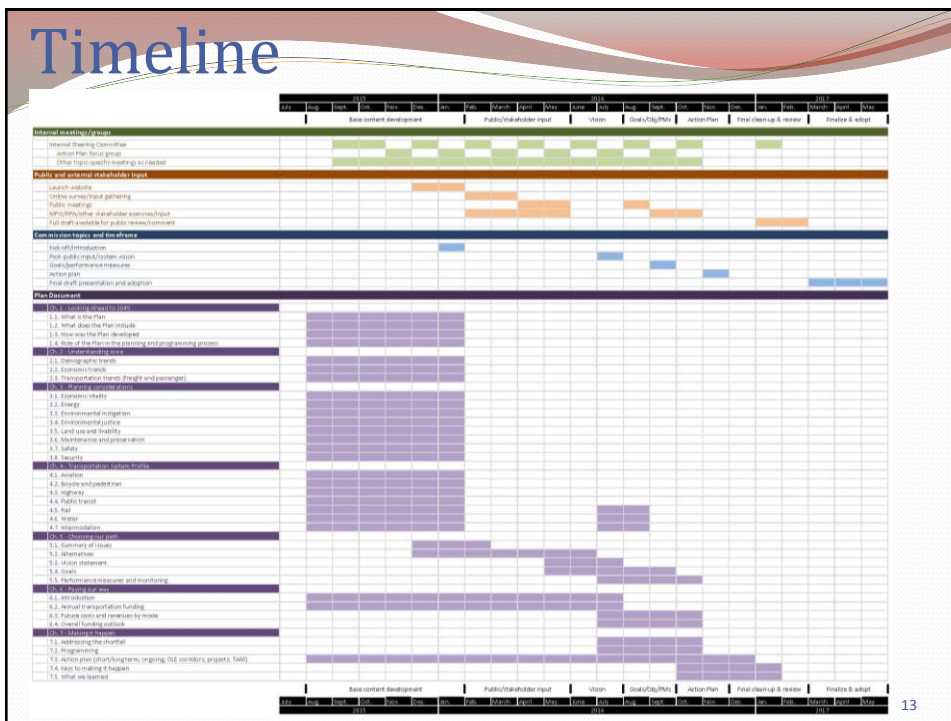

11

Action Plan Focus Group

- Will help determine structure and content of action plan
- Draft membership

| Name | Office/Area |
|------------------|--|
| Stu Anderson | Planning, Programming & Modal Division |
| Mitch Dillavou | Project Delivery Bureau |
| Steve Gent | Traffic & Safety |
| Brad Hofer | Location & Environment |
| Shawn Majors | Program Management |
| Craig Markley | Systems Planning |
| Phil Mescher | Systems Planning |
| Scott Neubauer | Bridges & Structures |
| Garrett Pedersen | Systems Planning |
| Jim Rost | Location & Environment |
| Mark Swenson | Project Scheduling |
| Don Tebben | Program Management |
| Andrea White | Systems Planning |

12

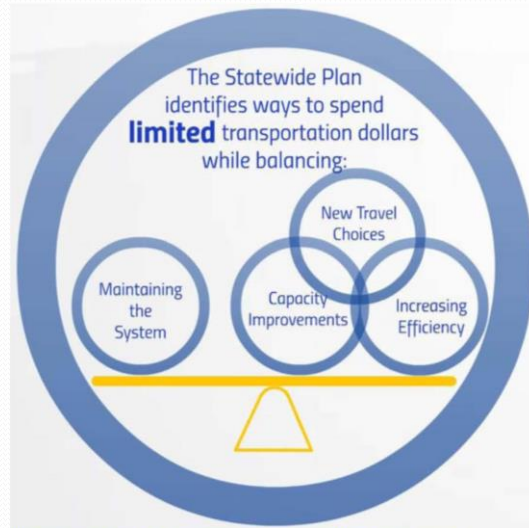

Administrative Items

- Conference call availability for non-central office staff
- Alternates for committee
- Sharepoint site for posting materials

Next steps

- Visioning discussion at October 19 meeting
- Example to think about – what is our system vision, and what balance of investment areas will help us achieve it?
